Tensile Testing Metallurgical
4520 Willow Parkway
Cuyahoga Heights, OH 44125

V/C: 881701

Document #: 010808090083682

Attn: Mr. Smith,

A Supplier Quality System Re-Approval Evaluation was conducted on your company on August 1, 2008. Upon review and assessment of your quality system performance and the corrective actions supplied, Cessna Quality Engineering has quality approved Tensile Testing Metallurgical, until November 30, 2010.

This approval covers the following aspects: CQRS Tensile Testing of Metals per ASTM E 8, and the Chemical analysis of aluminum and steel alloys per AC7101/2..

Thank you again for your cooperation.

Sincerely,

A handwritten signature in black ink that reads 'Keith C. Kastner'.
